

Appendix 8 Abbreviations and Definitions

Version	1.0
Issue date	28.04.2023
Replaces version	-
Modifications	New document
Valid from	01.07.2023
Accept	Acceptance of a WO by the Donor TSP
AK	Amt für Kommunikation (Regulator for Liechtenstein)
CDP-TSP	Originating network for calls to an INA number (Charging Determination Point TSP)
CDR	Record of the connection data and charges (Call Data Record) for charging INA calls with non-online tariffs
Content Provider/Service Owner	The owner of an INA number allocated by OFCOM and which has a contract with a TSP for its operation
CXX	Data set with the error messages to an uploaded XDR file for the billing of INA calls with non-online tariffs
DDI	Direct Dialling In
Donor	The TSP which hands over the number during the porting process
DRN	Direct Routing Network, Network inserting the NPRN to the called number
INA	Individual Number Allocation
INA-TSP	The TSP that has the INA number in service
INA number	Number which is allocated individually by OFCOM (090x-, 0800-, 084x- and 0878-)
INet	INet-Server or TSP INet-Server is the server with the central reference database
Notification	Notification shall mean written notification per email, letter or trouble ticket application of the TSP. A phone notification is not enough.
NPRN	Number Portability Routing Number of the TSP where the INA number is in service
NRH	Number Range Holder. The TSP which has been allocated the number/number range by OFCOM, respectively AK.
OFCOM	Federal Office for communication (Regulator for Switzerland)
ONP	Operator Number Portability
PoA	Power of Attorney, which the end customer signs with the Recipient to delegate his contract termination with the Donor TSP to the Recipient TSP.
Recipient	The TSP which receives the number during the porting process.
Reject	Rejection of a WO by the Donor because of invalid/incorrect content
Retail Tariff	The amount which the caller is to pay for the call to the respective INA number
SLA	Service Level Agreement
Timeout A	Violation of time limits from the ONP Process leads to Timeout A
Timeout B	If a timeout A has not been resolved within 4 hours, it results into a Timeout B
Timeout H	If a timeout B has not been resolved within 24 hours, it results into a Timeout H
Trouble Ticket	Formal specific proof of failure / violation of the INA or ONP Process
TSP	Telecommunications Service Provider

TSP Headgroup	Steering committee under the responsibility of Teldas. This body is open to all Telecom Service Providers (TSPs) as well as to OFCOM to deal with projects of common interest in the telecom business.
VAT	Value Added Tax
Wholesale Tariff	The amount billed between the involved TSPs (INA-TSP and CDP-TSP).
WO	Work Order. Is used for Number Porting. A WO can contain several numbers to be ported.
Working Day	Any day from Monday to Friday less Swiss National Holidays (a list with all non-working days is published on the INet-Server for each year. Note that the special “maintenance days” are not considered as non-working days in the terms of this contract)
XDR	File containing the connection data and connection charges (CDRs) required for billing of INA calls with non-online tariffs.
